What is App Smashing?

How to App Smash

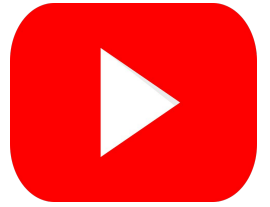

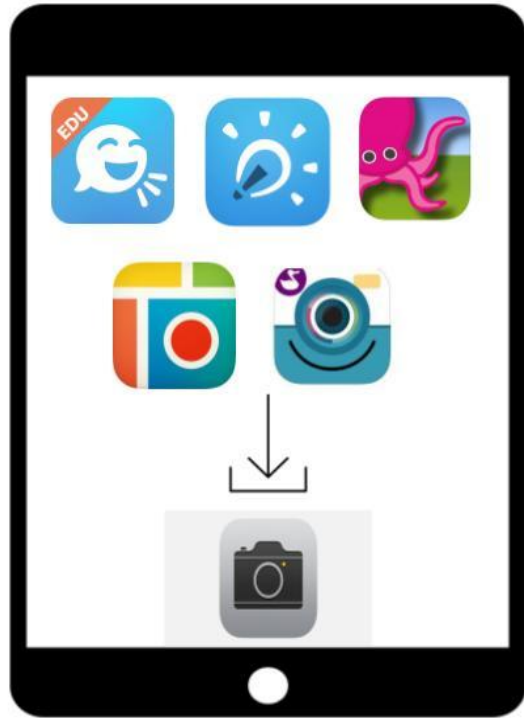

Create components of your project using apps that can **push** content to the iPad's Camera Roll

Pull the content from the Camera Roll onto one app that can organize the project into one segment

Export the final project onto a central sharing platform (website, YouTube, Google Drive)

One Screen Apps

Paper

Puppet Edu

Spark Video

Voice Record

Pic Collage

Explain Every...

iMovie

Green Screen

Tellagami Edu

Book Creator

Slides

BuddyPoke

ChatterPix

Art Lab

ThingLink

Doceri
